

# DAV PUBLIC SCHOOL

## NH-3, NIT. FARIDABAD

An Interactive Session was taken by Mr. Aashish Ahuja, an alumnus (Batch 2006) of our school where he addressed the students on the topic of Entrepreneurship. He made the students understand the importance of entrepreneurship, he shared his life journey saying how his confidence in himself, self believe helped him in transforming his lifestyle into a lavish one. He started earning at a very young age. Whatever he had in his mind, he was very much clear how to execute it. He encouraged the students to have some goals and chase them and learn about what is entrepreneurship.
